

DOCTORS OF WAIKIKI - COVID-19 RISK ASSESSMENT & MITIGATION CONSULTING

Licensed Professional Medical Practitioner Expertise to Mitigate COVID-19 Risk

These are unprecedented times and the Coronavirus pandemic calls for an immediate and innovative response. "Doctors of Waikiki" is offering training and expertise by licensed medical practitioners to help educate business owners (hotels, restaurants, retail businesses, travel, transportation, activities, attractions, tourism and hospitality industry, etc.) to do their part to protect the wellness of their staff, family members and customers and to reduce the spread of COVID-19.

Doctors of Waikiki can recommend additional professional industrial hygiene and mechanical systems solutions to help mitigate the risk of infectious disease transmission in your facilities and among your workforce including:

- Response Assessment
- Safe Work Space, Furniture, Infrastructure, Vehicles and Other Assets
- Focused Cleaning Plan and Procedures to Adequately Sterilize Work Spaces
- Cleaning Supplies and Contractor Selection
- Real-Time Cleaning Verification Services (utilizing direct-read ATP surface sampling)
- Risk Communication Strategies
- Preparing to Overcome Corporate Risks Related to the Novel Coronavirus
- What Should I be Doing to Prepare for the Possibility of one of my Employees Contracting COVID-19 (either while working or during personal time?)
- Mechanical System Adjustment and Conversions

What industries or companies are most likely to be affected by the spread of the novel coronavirus?

- Healthcare
- Dining, Food & Beverage
- Travel
- Tourism
- Entertainment
- Activities
- Attractions
- Hospitality
- Retail (Ready-To-Wear & Accessories)
- Jewelry
- Beauty Industry (Hair Salons, Lashes, Nails, Cosmetics, Facials)

During this period business should ask themselves the following:

- How can companies stay up-to-date on the latest developments and managing risks in real time?
- Does my company have any reporting, disclosure, or other compliance obligations related to coronavirus?
- Are there legal risks if one of my employees contracts the novel coronavirus?
- What can my company do to manage these risks effectively?
- Changes in Coronavirus Information and Resources
